

# QuadSport Z90

## Fun Redefined

The Suzuki QuadSport Z90 is the ideal ATV for adult-supervised riders ages 12 and older to develop their skills. Convenient features like an automatic transmission and electric starter help make this ATV suitable for supervised riders ages 12 and up.

### Engine (1)

Compact, 90cc, four-stroke, single cylinder, air-cooled engine has been designed for durability and low maintenance. Suzuki Composite Electrochemical Material (SCEM) cylinder, derived from Suzuki's high-performance, GSX-R sportbike, provides durability, weight reduction and superior heat dissipation.

### Exhaust System

Spark-arrestor equipped muffler is environmentally friendly, yet has a pleasant exhaust note.

### Fuel Tank

Large 6.0-liter (1.6-gallon) fuel tank provides long riding time. A vacuum-operated fuel petcock automatically stops fuel flow when the engine's not running.

### Electric Starter (2)

Includes an easy electric starting system plus a standard back-up recoil starter.

### Safety Function

A keyed ignition switch lets grown-ups decide when the action begins and ends. Simple, screw-type throttle limiter allows adult supervisors to limit the maximum power delivery to suit the rider's ability. Speed-limiter collar in the automatic clutch limits top speed to 15 mph. It can be removed to increase top speed as the rider gains ability.

### Automatic Transmission

Smooth-running CVT automatic transmission provides easy operation and allows the rider to focus on riding instead of shifting.

### Suspension (3)

Single A-arm front suspension with twin, independent shock absorbers and single-shock rear suspension provide long wheel travel for a smooth, comfortable ride.

### Floorboard (4)

Modern styling with full floorboards creates a big Quad look that also features new yellow bodywork with coordinated graphics.

### Low Seat Height

The low seat height of just 650 mm (25.6 inches) makes it easy for the rider to get on and operate the ATV. Suzuki T-shaped seat design is similar to the QuadSport Z400's for smooth weight transition and a comfortable ride. The seat is easy to remove for service.

### Brake System

Large-diameter, semi-sealed front drum brakes and single fully sealed rear drum brake provide strong braking performance.

### Design

Competition-inspired bodywork features the new Suzuki Champion Yellow color scheme. Headlamp style front piece is detachable to achieve the sporty look of the QuadSport Z400.

### Axle Shaft

Rear axle shaft has double oil seals for performance and reliability.

**Experience the fun of the QuadSport Z90 with your whole family**

An easy-to-set throttle limiter lets adults set the power level appropriately for young riders, and a keyed ignition switch makes sure there are no unauthorized journeys. Get your little ones started on the QuadSport Z90, so your whole family can experience the fun of the outdoors and the joy of riding a Suzuki!

**For The Young Gun**

Bring home the perfect ride for your little adventurers. The Suzuki QuadSport Z90 is designed to give adult-supervised kids a safe, fun, and rewarding riding experience. Now your whole family can enjoy riding outdoors.
